

Video Games Knowledge Base

This document is designed as sample content for a Retrieval Augmented Generation (RAG) project. It contains information about several well-known video games, genres, and gaming concepts that can be used for testing document loading, chunking, embeddings, retrieval, and question answering.

Minecraft

Minecraft is a sandbox game developed by Mojang. Players explore a procedurally generated world made of blocks and can gather resources, craft tools, build structures, and survive against hostile creatures. The game includes Survival Mode, Creative Mode, Adventure Mode, and Hardcore Mode. Minecraft is one of the best-selling video games of all time.

Key Facts

- Developer: Mojang Studios
- Genre: Sandbox, Survival
- Famous for: Building, crafting, exploration, and mods

The Witcher 3: Wild Hunt

The Witcher 3 is an open-world action role-playing game developed by CD Projekt Red. Players control Geralt of Rivia, a monster hunter known as a Witcher. The game is known for its storytelling, meaningful choices, side quests, and large open world.

Major regions include Velen, Novigrad, Skellige, and Kaer Morhen. The game won numerous Game of the Year awards and is often cited as one of the greatest RPGs ever created.

Grand Theft Auto V

Grand Theft Auto V (GTA V) is an open-world action-adventure game developed by Rockstar Games. It follows three protagonists: Michael, Franklin, and Trevor. Players can freely explore Los Santos and participate in missions, races, heists, and various side activities.

GTA Online expanded the game's longevity by introducing multiplayer content, businesses, cooperative missions, and regular updates.

Popular Video Game Genres

RPG (Role-Playing Game): Focuses on character progression, quests, and story.

FPS (First-Person Shooter): Played from a first-person perspective and emphasizes combat.

Sandbox: Provides freedom for creativity and exploration.

Strategy: Requires planning and resource management.

Survival: Players manage resources while overcoming environmental and enemy threats.

Example questions for a RAG system: • Who is the protagonist of The Witcher 3? • What are the game modes in Minecraft? • What city is featured in GTA V? • What is the difference between RPG and FPS games?
